	<u>\$3,196.78</u>

We have endeavored to report, as far as possible, the actual financial standing of the Town, and believe the foregoing report to be substantially correct, but the practice has been, in regard to Non-Resident Taxes, to return them to the Treasurer, who charges them to his account as fast as paid. We think this is a wrong idea, as we believe the whole amount should be charged to the Treasurer when returned, and so reported, and if he cannot collect the whole amount give him credit for what he has collected and charge the balance to

profit and loss account, in this way a better showing can be made as to the financial standing of the Town.

Owing to the new school law we were obliged to assess a tax for every school district in order to give the rebate as required; this, and the large amount of other work which we have had to do, has made the Assessors' bills very large.

Our Poor Farm has been under the same prudent and careful management as last year. Rebecca Cole, who has been boarding there for some time, is now gone from town, and her board bill has been paid in full. We have five paupers now on the farm, John Batchelder, John Noble, Seth Grover, Elizabeth Travers and Mary Lord. The buildings on our farm are in a terrible condition, and we think something should be done in regard to this matter at once.

Phineas Witham, a resident of Hiram, fell into distress, and we helped him and notified Hiram, and they removed him and paid all bills.

Respectfully submitted,

A. P. PINGREE,	} <i>Selectmen</i>
I. H. BERRY,	
A. D. FESSENDEN,	
	} <i>of</i>
	} <i>Denmark.</i>

TOWN CLERK'S REPORT.

There has been licensed, since our annual March meeting, held March 5th, A. D. 1894, 68 dogs (60 males and 8 females), for which I have collected and paid the Treasurer \$84.00. There has also been received since March 5, A. D. 1894, 5 marriages, 12 deaths, and 15 births.

AUGUSTINE INGALLS, *Town Clerk.*

A. P. PINGREE,	}	Overseers of Poor.
I. H. BERRY,		
A. D. FESSENDEN,		

Report of the Supervisor of Schools.

Citizens of Denmark:

In compliance with law and custom, I present herewith the Report of your Schools for the municipal year 1894.

Free High School.—The Spring Term was under the continued instruction of Mr. A. B. Libby, of Litchfield. Mr. Libby is a gentleman of excellent scholarship and ability as a teacher, and the success of this term fully justified the very favorable mention he and the school received in your last report. A class of three graduated at close of Spring Term.

The Fall and Winter Terms have been under the charge of Mr. F. H. Sanborn, of this town. Mr. Sanborn has devoted his entire time and energy to the interests of this school, and, while quite a strict disciplinarian, has managed with such excellent tact and judgment as to acquire the friendship and good-will of apparently every pupil in the school.

The large amount of work required of the teacher this winter rendered the services of an assistant imperative, and Miss Fannie L. Hubbard, of Lovell, was engaged in that capacity for the last half of the term. Miss Hubbard has been here but a short time, but I am fully satisfied that her services are both needed and valuable.

Centre School.—Mrs. Addie F. Wentworth has had charge of this school for the entire year, and each term has been eminently profitable and satisfactory. The Winter Term is still in session; will close Feb. 22d.

South Road School.—Miss Florence Jewett, teacher for the year. Miss Jewett had never taught previously, but she acquitted herself with full credit and with entire justice to her school. The Winter Term is still in session, and will close Feb. 22d.

Nason School.—Miss Mary E. Deasey taught both the Spring and Fall Terms, and with most excellent success in each instance. More interest was displayed in this school this year than I have ever seen manifested here before, and the results were, of course, proportionate.

A Winter Term would have cheerfully been supplied this school, but owing to the distance of the school-house from any of the scholars, and the usual condition of the road in that neighborhood in winter, it was not thought desirable by the people resident, or advisable by myself, to open the house at this season.

Liberty Corner School.—This school has been taught for the year by Miss Fannie E. Libby, who has taught here many terms within the past five years, giving excellent satisfaction, and doing good work in each instance.

East Denmark and Fessenden Schools.—These schools were consolidated for the year, the Spring and Winter Terms being maintained at East Denmark and the Fall Term at the Fessenden house. Miss Flora B. Sanborn has been in charge of this school for the year, and in it has fully sustained her well-earned reputation as a thorough and successful teacher.

Harnden School.—Miss Emily F. Berry, teacher for the year. Good order, excellent advancement in studies, and neatness of school-room were very noticeable at this school.

Deering School.—The Spring Term was taught by Miss Hattie A. Wiggin, of Baldwin. Miss Wiggin is a young lady of superior scholarship, has excellent methods of imparting instruction, and did very valuable and satisfactory work in this school.

Owing to a previous engagement, Miss Wiggin was unable to return and her place for the Fall and Winter was taken by Miss Bertha M. Berry, a graduate of North Bridgton Academy. Miss Berry is animated and energetic, and fully completed the good work of the previous teacher, giving the school two very pleasant and profitable terms.

Colby School.—The Spring Term was taught by Miss E. S. Head. Owing to the prevalence of whooping-cough among the scholars, this school was, for a part of the time, quite small, too small for a great interest in either teacher or pupils. I think, however, as good work was done here as was possible under the circumstances.

The Fall Term was taught by Miss Mae Bradbury. There was a somewhat larger attendance than in the summer, and Miss Bradbury proved a very capable and successful teacher.

The Winter Term was taught by Miss Mary E. Deasey with most decided success.

West Denmark School.—The Spring Term was taught by Mrs. Harlan Lord. By reason of sickness of the teacher and most of the scholars, the school (much to my regret) was closed at the completion of the eighth week.

The Fall and Winter Terms were taught by Miss Eva Colby, a graduate of the Bridgton High School. Miss Colby had never taught before, but she took up her work very heartily and handily, and with excellent results in both terms.

Walker School.—A Fall Term was maintained here — Mrs. E. S. Head, teacher. I was not able to visit this school at its close, but at my first visit I found everything moving smoothly, and every prospect of a profitable term, which prospect I believe was fully realized.

During the Spring and Winter school privileges were provided at East Denmark for the scholars of this neighborhood.

I am very pleased to be able to report such a satisfactory condition of your schools as has existed for the past year. Not one word of complaint of any teacher has been made to me, and but one instance of insubordination has been reported for the year, and that case yielding readily to treatment. The scholars, as a whole, have shown a larger degree of interest than I have ever observed before, partly due, perhaps, to the ambition which many of them have to enter the High School, and which has stimulated them in their studies, and has therefore been highly beneficial.

The teachers have all worked faithfully and effectively, and have seemed, in every school, to have possessed the entire confidence and good-will of their pupils. Another very gratifying feature is the fact that with but one exception our teachers have all been of our own people, and to a large degree the product of our own schools.

The High School is now well advanced in its second year, and I am sure is proving a greater success than even its best friends dared hope for at the start. Its membership has constantly increased from the beginning and is still increasing. The instruction given is general and thorough, and I believe the privileges there obtained to be very fully appreciated by its students. It is a matter of personal interest and local pride to us that the school shall be continued and be made permanent, and I have no hesitation in saying that it deserves (and I have no doubt will receive) liberal treatment at your hands.

At the close of the Fall Term a very successful drama and entertainment was given at Odd Fellows Hall by the students of this school, from which the sum of sixteen dollars was netted. This amount was expended in chemicals and apparatus, and those articles very kindly donated to the school.

Text books to the amount of \$193.93 have been purchased during the year. This is a larger amount than is usually required, but is readily accounted for from the fact that in previous years our schools have never nearly all been in session together, and books were constantly transferred from one school to another as necessity required. This year each school was open at the same time during the fall, and in the winter all but one, thus necessitating the complete outfitting of each. The increased attendance at the High School, the introduction of new studies there, and the general high cost of books of those grades have also been important factors in the case.

Book-keeping blanks and writing books have been furnished free of cost to pupils during the year. Books to the amount of \$3.46 have been sold and the money passed to the Treasurer.

- Original bills of all books bought, and list of all sold, are on file at the Town Office, this, as well as every previous year of my administration of the affairs of your School Department.

But little of the money voted last spring for the repair of school-houses has been expended, as no repairs have been made except those absolutely necessary, such as locks, glass, repainting of black-boards, etc. Most of the houses are in fair condition; and those that are not are either hardly necessary any way, or not worth the cost of repair. The greatest item of expense that I foresee, in this connection, is the fact that several of the best will need repainting at an early date.

In making the valuation of school-houses last spring the Selectmen appraised the house at West Denmark \$20. The only criticism I have ever heard expressed of those gentlemen, in any part of the town, was that, if anything, they had been "too liberal" in their appraisal. That valuation and that comment thereon seem to furnish about the only argument that should be necessary whenever the legal voters of this town find themselves faced up to such an article in the warrant as: "To see if the town will vote to build a new school-house at West Denmark."

In conformity with Sec. 3, Public School Laws of Maine, the school in the Warren neighborhood (formerly Dist. No. 7) was suspended for the year, and the scholars, only two in number, were transferred to the school at Liberty Corner, an arrangement satisfactory and to the interest of all concerned. The schools at East Denmark and the Fessenden District have, also, been united for the year, and to this school, during the Spring and Winter Terms, the scholars of the Walker District were transferred. This arrangement, also, resulted most satisfactorily, not only saving expense but generally bettering the schools and improving their facilities. With the allowance that was made for transportation of scholars I am satisfied that no injustice has been done anyone by these suspensions and transfers.

As the School Laws are interpreted, your Committee or Supervisor can only suspend a school or schools for one year, and if these arrangements are to be continued it must be by a vote of the Town to that effect.

Table of School Statistics and recommendations of your Committee are appended.

Respectfully submitted,

C. O. PENDEXTER,

Supervisor.

TABULAR STATEMENT.

	<i>TEACHERS.</i>	<i>Length in weeks.</i>	<i>Number registered.</i>	<i>Average attendance.</i>	<i>Wages per week, including board.</i>
	Spring Terms.

*In session.

We would respectfully recommend that the schools in what were known as Districts 1, 7, and 9, be abolished. We would also recommend that a new school-house be built, and a change of location made, at West Denmark.

In order to provide for the deficiency of 1893 and 1894, and to purchase books for 1895, we would recommend an appropriation

of - - - - -	\$200.00
And for repairs - - - - -	100.00
Support of common schools - - - - -	1,000.00
For free high school - - - - -	300.00

C. O. PENDEXTER,
C. H. WARREN,
A. M. DEERING,
S. S. Committee of Denmark.
